November 13, 2020

On Tuesday November 10, 2020 our water system issued a Boil Water Advisory in the Town of Cornwall for the following addresses: **#54, #56, #60 #62 Angola Road, and #5, #7, & #15 Cedar Lane** due to a loss of water pressure caused by a water leak. The water leak was repaired and water service restored to the affected area during the day on Tuesday November 10, 2020. Since then, our employees have obtained multiple water samples from the affected area which have been tested by an independent third party laboratory. The analyses of these samples have confirmed no contamination of the water. Therefore, the Boil Water Advisory has been rescinded. Should you have any questions or concerns, please feel free to contact my office at (845) 534-4200 Ext. 318 or the Orange County Health Department at (845) 291-2331. Thank you for your patience and cooperation.

Sincerely,

Michael P. Trainor, Sr.  
Water Superintendent
